SMART PIG QUOTED	SMART PIG ACTUAL	OVER QUOTE	CHANGE ORDER
15 hrs	**38.25 hrs**	**23.25 hrs**	**$24,364.15**
DSP#26013, Crude line	service receipts 8404–8415		equipment, personnel, per diem

Rates. Equipment **$800.00 per hour** ($19,200 per 24 hours). Personnel **$210.42 per hour** ($2,525.00 per 12-hour shift). Per diem **$450.00 per shift**, charged on each 12 hours of change-order time.

How smart pigging hours are recorded

The service receipt has no separate box for smart pigging. Pump time is entered under Pigging Hours, and the shift summary records each task with its clock times. Smart pigging hours are taken from those clock times.

The Trimax runs three passes at once, one per pump, so one pass can be on the inspection tool while the other two are still being cleaned. On 22 September pass 4 went on the smart pig at 13:30 while passes 3 and 5 kept pigging. The pump hour is billed once, as smart pigging. The chart shows that day and night pass by pass, and how the hours are billed.

From the shift summaries on receipts 8410 and 8411.

Smart pigging by receipt

RECEIPT	SHIFT	HOURS	SHIFT SUMMARY
8404	19 Sep day	3	“3pm – start smart pigging pass 8 (8" section), run dummy tool; 4:30pm run live tool; 5:30pm tool out + check data”
